SESSION OF SENTENCE COURT HELD AT UNIONTOWN TODAY.

Bullskin Township Robber Goes to Penitentiary Four Years; Longest Penalty of List.

CORDON GIRLS ARE SENT AWAY

They Will Spend Some Time at Morgantown and Will Have Company From Fayette County—Big Verdict For Schiller Is Returned By Jury.

UNIONTOWN, March 27.—A session of sentence court was held this morning at which time a number of offenders heard their fate. The longest sentence of the list was that imposed on Ed. Michaels, convicted of several Bullskin township robberies, who goes to the penitentiary for four years. Other sentences follow:

Charles Remington, West Side, Connelville, six months to jail for running a gambling house; also directed to pay two-thirds of the costs in his prosecution against Thomas Shrum; William Lopez, concealed weapons, six months to jail or \$75 fine; Albert Corona, assault and battery, four months to jail; Anthony Lyons, attempted pickpocket, sentence suspended on payment of costs; Walter Wade, pay costs for assault and battery; Pearl Ewell, the colored girl who stole candy from F. T. Adams, was sent to Morgantown while Elmer Black, an incorrigible youth, goes to the same place. Hattie and Emma Gordon, star witnesses in the jail investigation, go to the same institution. Sentence was suspended upon payment of costs in the case of Frank Benson, Onor Stewart and Chas. Gribble. Purchance men who created a disturbance at the primary election. They entered pleas of nolo contendere.

Mollie Austin, sister of Lizzie Barhardt, another jail witness, was released after having spent some time in jail. Charles Winger and William Gaines will spend a year in the work house for stealing four turkeys from a Jefferson township farmer. Sam Hardy and Charles Lowry, who stole chickens in Dunbar, were directed to produce the costs in the case.

George Cohen admitted he let minors under 16 come in his pool room. He paid the costs and was warned to be more careful in the future. Alex Kofler, who was charged with creating a disturbance at the County Home, was directed to return and be have himself. Peter Smith, a foreigner, was convicted of a paternity charge but a former sentence was nullified, the child being dead. He was fined \$20 and costs. Thomas Carr of Fairbance got off with a suspended sentence.

In the suit of Arthur C. Schiller against Mitchell, Schiller & Barnes the jury returned a verdict of \$10,359.52, the full amount asked, with interest.

LOCAL LIVERYMAN PLAYS DETECTIVE

Secure The Return of Valuable Horse For Samuel Keller of Mount Pleasant By Work.

Liveryman Joseph Morris and Constable Charles Wilson were instrumental in recovering a valuable horse and rig belonging to Liveryman Samuel Keller of Mt. Pleasant yesterday and brought to light a scheme in horse trades which resulted in the loss of \$100 to the manager of the second hand store on Water street. It is said that John Stouffer came to town Monday and offered the outfit for sale and the second day brought one F. E. McCracken over to testify that Stouffer was the actual owner of the animal. The man was paid \$100 and the horse went to J. E. Evans' livery stable as a steady driver. Yesterday Liveryman Morris recognized the animal and communicated with Keller at Mt. Pleasant. The animal was restored to its proper owner but the Water street man is out \$100. Stouffer was arrested in Pittsburgh today.

Revolving Telephone Stand.
The West Penn liveryman have erected a special telephone stand in Superintendent J. W. Brown's office. It is a revolving affair and holds the three telephones used in the office: the Bell, Tri-State and West Penn lines. The West Penn phone can be connected to any of the three circuits and reaches all points to which the system extends.

Mother and Daughters Cremated.
WILKES-BARRE, March 27.—(Special).—Mrs. Veronica Wichenowsky and daughters, Mary, 13 and Helen, 12, were burned to death in a fire which early today destroyed their home at Greenwood, near here.

GET SMALL SUM.

Creditors of Meyersdale Bankrupt Receive 24.4 Per Cent.

Referee in Bankruptcy J. G. Carroll of Uniontown has reported the schedule of distribution in the estate of Mrs. S. A. Clark, a Meyersdale bankrupt, and creditors will receive 24.4 per cent on their claims.

Mrs. Clark left Meyersdale in January, 1907, and was adjudged a bankrupt sometime later. Attorney R. S. Matthew of Connelville was trustee of the estate.

ACCIDENT RUMOR IS DISPOSED OF

Arrival of the Eagle at Guantanamo Clears Accident Report Which Was Widespread.

United Press Telegram.

WASHINGTON, D. C., March 27.—The Navy Department this morning received a dispatch from the naval station at Guantanamo, Cuba, reporting the arrival there of the U. S. Eagle. This report and the fact that no mention was made there in naval circles that there was an accident there of a recently disposed of the rumor, given wide circulation, that the new battleship Mississippi had been destroyed by an explosion of her powder magazine.

This latter report originated in Florida and was widespread, causing annoyance to the Navy Department which caused many queries regarding the supposed accident.

MT. PLEASANT LICENSES HELD OVER BY COURT

All of Scottsboro Licenses Granted Today and Others in Westmoreland Have Easy Sailing.

GREENSBORO, March 27.—License court in Westmoreland county was held this morning and all of the Scottsboro applicants were granted licenses. There were no new applicants from the Mt. Pleasant town.

The Mt. Pleasant applicants had a hard time of it. Licenses were refused Antonio Lombardo and August Spelker, while the applications of J. A. Cooper and John Keller were held over. All of the others were granted.

All of the breweries and distilleries were passed upon favorably throughout the county.

SOLEMN SEASON BEGINS.

Catholics Cover Statues and Pictures With Purple Cloth.

Beginning at noon today the most solemn celebration of the Lenten season by Catholics throughout the world commences and closes with Easter Sunday, April 11. Tomorrow being the statues, pictures and crucifixes in all Catholic churches will be covered with purple cloth before noon today, the Stations of the Cross alone being left uncovered.

The purple robes will remain on the statues, pictures and crucifixes until the "Gloria in Excelsis" is sung at the Mass on Holy Saturday, April 10.

Each day of the week between Easter Sunday and Palm Sunday is given to the observance of one of the martyred saints. On Holy Thursday, which commemorates the institution of the Holy Eucharist, the holy oils will be blessed in St. Paul's Cathedral by Bishop Canevin. The adoration of the Crucifixion takes place on Good Friday.

Bluefield Miners Mad.

Miners in the Pocahontas and New River West Virginia coal fields, are complaining of the new ruling of the State Mine Department, which compels them on and after April 1 to discontinue the use of black powder. They say the ruling is unfair because it allows them less than two weeks' time in which to dispose of the large quantities of powder many of the colliers have on hand and procure new powder. It is doubtful, it is said, if there is a stock of the so-called flameless powder sufficient to supply the demand this new ruling will create.

House Picked Up by Wind.—During a high wind storm yesterday the home of B. F. McCaulay, on a hill here, was blown 15 feet from its foundation and turned upside down. It caught fire through a stove being upset. Mrs. McCaulay, the only inmate, though severely hurt, succeeded in extinguishing the flames. Most of the contents of the building were wrecked.

HEALTH BOARD ACTIVE.

Two Arrests Made for Dumping Garbage into the Yough.

The Board of Health is active in its efforts to prevent the dumping of garbage in the Youghiogheny river and during the week two arrests were made at the instance of Health Officer Allen Hyatt.

Both offenders live along South Arch street. They were warned not to let the offense happen again. Mr. Hyatt expects to make more arrests in the near future.

COUNCILMEN ARE CAUGHT NAPPING

President Clair Stillwagon On the Job and Has Work Stopped.

FRAME STAND OBJECTIONABLE.

Relaying of Pavement on North Pittsburgh Street Not According to the Borough Ordinances—One of the Laborers Arrested by Police.

Two Councilmen were caught napping yesterday when the borough had a clash with Dr. J. C. McClanahan and the Tri-State Telephone Company. Burgess J. L. Evans discovered that Dr. McClanahan was having a frame stand erected on his property adjoining the McCrory building in Pittsburgh street and immediately ordered Chief Rottler to have the work stopped.

Councilman William McCormick of the Public Safety Committee was notified and served notice on the contractors to suspend work. Chairman Edgar Cypher of the Street Committee also failed to notice that the Tri-State employees were not relaying the paving in North Pittsburgh street in a proper manner. President Clair Stillwagon of Town Council intervened and had the work stopped. This was not accomplished until Officer John Lowe started to the lockup with one of the laborers who ignored the warning. The street is being put down in a proper manner now.

SECOND SPELLING CONTEST YESTERDAY

Miss Daisy Trump Leads in the Series of Spelling Matches Now Going On.

W. S. Deffenbaugh, superintendent of the public schools, conducted the second in a series of spelling tests yesterday in grade No. 8 in the various wards. Fifteen correct papers were turned in by the pupils of the grade of the South Side school, and nine by the pupils of grade No. 8 of the Fourth Ward.

The total percentage for the various wards, including the contest yesterday is as follows: South Side, teacher Miss Daisy Trump, 85; Second Ward, Thomas Jones, principal, 93; Fourth Ward, Miss Baulah Francis, teacher, 92; Third Ward, F. E. Younkis, principal, 88; Fourth Ward, Katherine King, teacher, 81. At the close of the contest the ward having the highest percentage will be given a pennant by Prof. Deffenbaugh.

MINE EXAMINATIONS.

Will Be Held in This District Next Month.

The examinations for mine foremen and fire bosses in this district will be held on April 5, 7, 8 and 9, according to the announcement made today by Mine Inspector T. D. Williams. The examination, as usual, will be held on the top floor of the First National Bank building. The examiners will be Mr. Williams, J. L. Stoker of Dunbar, and John Borland of West Lenoisburg.

Two Trained Monkeys.

A great attraction at the Hotel Columbia, West Side, this week, are two trained monkeys which were brought from Cuba by J. Caldwell Morrow of Wilkesburg, who recently returned from a trip to Cuba. The little fellows were given to Dr. Anderson by Mr. Morrow and are on exhibition in the reading room of the hotel.

John Herpik Dead.
Word was received here of the death of John Herpik, at Indianapolis, Ind., this morning. He was 55 years old and a brother of J. M. Herpik of Connelville.

Restaurant Is Sold.

The Coney Island Restaurant was sold at a Constable's sale yesterday and brought \$203.60. J. H. Hixon, representing L. A. Howard, one of the creditors, made the purchase.

MRS. BOLYE MAKES BREAK FOR LIBERTY

Train Is Running at 30 Miles When She Attempts to Jump From It.

BRAKEMAN PREVENTS ESCAPE.

Enters Lavatory and Attempts to Hold Window But Officials Arrive and Are Now Keeping a Closer Watch Upon Her.

United Press Telegram.

PITTSBURG, March 27.—While the Bessemer & Lake Erie train bearing Mrs. James Bolye was howling along at 30 miles an hour, near Valencia this morning, the woman made a daring but unsuccessful attempt to escape from the officers in whose custody she was being taken to Mercer, to answer her part in the kidnapping of Billy Whittle.

When the door of the chaircar was set open by the brakeman, Mrs. Bolye jumped from her seat and started for the platform, but the brakeman seeing her attempt slammed the door and Mrs. Bolye quickly stopped into the lavatory.

Before she could open the window, preparatory to jumping, Sheriff Gumbert caught and nudged her back to a seat. A more careful watch was then kept on her.

GROVE CITY, Pa., March 27.—(Special).—The train bearing Mrs. James Bolye this morning laid over about five minutes here. A crowd of 1,500 people was on hand to see the woman and she was viewed more as a hero than a criminal. She was escorted to the echo but the greeting did not appear to affect her in any way.

SOMERSET WOMAN ROBBED IN SOUTH

Mrs. McKinley-Allen, Losses Jewelry Valued at Between \$10,000 and \$15,000 in Havana.

Mrs. J. B. Allen, formerly Mrs. Abner McKinley, of Somerset, her now the wife of a captain in the service of the Peninsular & Occidental Steamship Company, was robbed of jewelry amounting to between \$10,000 and \$15,000 Tuesday in Havana as she boarded a vessel to come to Tampa. Discovering her loss before the boat left, she went ashore and notified the police.

Officials on the boat state that Mrs. Allen was not certain whether she lost the jewelry before she left her hotel or after she boarded the boat. She had them in a large alligator skin satchel, which she left for a moment in her room, just before leaving the hotel, and which she left again for a few minutes in her stateroom on the boat.

Mrs. McKinley-Allen was often an admired guest in the Tampa Bay hotel, and was noted for the famous jewelry which she wore. She will return direct to her home in New York.

Woman-Retailer.

Charged with stealing a hen, arrested, confined in the lockup for five days and compelled to expend about \$50 Angelina Fonte of Monongahela has filed a suit against Nick Pontier, claiming \$5,000 damages.

IN LIVERY BUSINESS.

Dave Long, Well Known Connelville Boy, Locates at Friendsville.

Dave Long, formerly of town but now located at Friendsville, Md., has opened a livery establishment at that place and is now doing business in that prosperous community. He went to Friendsville about six weeks ago to stay with his father, George Long, the well known hotel keeper. Dave gained his preliminary training under Burgess J. L. Evans and is well posted about horses in general.

INSPECTION OF HOTELS IS NOW ON.

County Detectives Arrive in Yough Region to Look Over Them.

TAKE A LOOK EVERYWHERE

Inspection is Minute in Detail But the Officials Find the Hostilities of This Section in Better Condition Than They Ever Were.

The annual inspection of hotels by the county authorities is now under way and this morning the Connelville hotels were under the careful scrutiny of County Detectives McBeth and McLoughlin. It is a trying time for the hotel proprietors but the houses here are in better shape now than they have been for years past.

The inspection is minute in every detail. The county detectives visit every room in each hotel, inspect the linen and dishes, and make a thorough investigation of the sanitary condition which prevails.

The finding of the officials is reported to the court and if things are not up to requirements the license applicant can be sure of a severe lecture from the court even if he succeeds in getting license for another year.

During the past several terms of license court the Connelville applicants have been favorably reviewed by the court.

GRAND ATTRACTIONS FOR CONNELLSVILLE.

Harry Davis Will Try High Class Vaudeville Three Days in the Week at the Soloson.

Vaudeville is to be inaugurated at the Soloson for three days each week, beginning next Thursday and continuing up to Saturday evening. Harry Davis of Pittsburgh believes that the project will pay and he will give it a try at the Soloson, bringing the vaudeville stunts from the Grand in Pittsburgh. The prices will be 5 and 10 cents shows exactly as they are performed in the Pittsburgh theatre and it is believed that the attractions will secure large audiences. This will be a distinct innovation.

"The Wolf" which plays the Soloson this afternoon and evening made a big hit at Uniontown, everyone who saw the performance being loud in their praises for it. The sale of seats for James K. Hackett in the "Prisoner of Zenda" at Uniontown Monday night opened this morning at Uniontown and there was a great rush for seats. In 10 minutes there was a \$250 sale, and the attraction promises to be of such a drawing character that many will be turned away.

CLONIAN LITERARY SOCIETY HAS MEETING

West Side Schools Carried Through An Interesting And Enjoyable Program Yesterday.

A very enjoyable meeting of the Clonian Literary Society of the West Side School was held yesterday afternoon. A number of visitors were present and enjoyed a well rendered musical and literary program. A feature of the program was the periodical edited and read by Miss Florence Putter.

A class poem written by Catherine O'Connor was one of the humorous articles of the paper. A vocal solo by Miss Nellie Maust was well received as was a recitation by Donna Laffey. The last meeting of the society to be held on Friday afternoon, April 23, will be an open meeting. A special program will be rendered.

Mercury Away Up.

The mercury this morning reached the highest point it has touched for some weeks past. It registered 80 degrees at eight o'clock. Yesterday morning it stood at 33 and rose to 49 in the evening.

BIG ORDER FOR NINE CARS IS GIVEN FRICK SHOPS AT EVERSON.

GRIEF FOR SISTER.

Is Believed Will Drive An Italian Crazy.

Grieving over the death of his sister Marieanna Ceiselski, whose death occurred last Wednesday at her home at Trotter, Joseph Ceiselski is in a serious condition at his home at Trotter. He is under the care of a physician and it is feared he is on the verge of insanity.

"AFFINITY" EARLE WILL FIGHT DIVORCE ACTION

"Soul Mate" Declares He Is Inmate Earle Admits Being In Wrong But Still Is Sane.

MIDDLETOWN, N. Y., March 27.—Ferdinand Pinney Earle, who something more than a year ago discovered his soul mate in Miss Julia Kuttner, interested the entire country and shocked part of it by casting off his wife and marrying Miss Kuttner, today held a conference with his lawyers to decide whether to resist his "soul mate's" divorce action.

The prospect is that Earle will fight the action for the woman who only a year ago declared she could not live happily without him charges he is a lunatic. Earle no longer contends for his "soul mate," "affinity" and "twin being" idea. He is willing to admit he "got in bad," but that he is a lunatic or ever was one? Never. Earle says Cupid may have led his heart astray but his reason is still on throne.

FAIL TO AGREE ON RATES.

Pennsylvania and Ohio Mine Owners at Variance With W. Va. Brethren.

CLEVELAND, March 27.—Coal operators of Ohio, West Virginia and Pennsylvania failed to agree on a schedule for the equalization of shipping rates to lake ports for the three States, in a meeting here today. Ohio and Pennsylvania operators held out for as advance in the differential. West Virginia operators opposed the plan. Accusations that many West Virginia mines were operated by railroads and that independent mine owners had secret shipping agreements were made.

But one more attempt will be made by the operators to agree on the rates. A meeting will be held in New York at next Wednesday. If an agreement is not reached then, the matter will be put into the hands of the Interstate Commerce Commission for adjustment.

RESIGNED TO FATE.

Mary Farmer Says She Will Die Like a Queen.

AUBURN, N. Y., March 27.—"I will die like a queen going to high court," Mrs. Mary Farmer, who early Monday will die in the electric chair to pay the law's execution for the murder of Sarah Brennan less than a year ago, made this statement today.

Realizing there is no longer the slightest hope of commutation of the sentence, and that the death chair has already been tested and found in order, Mrs. Farmer is spending the few remaining hours in perfect composure and a heroic resignation to her fate, which hundreds of letters, petitions and personal appeals to Governor Hughes failed to ameliorate.

SWEENEY HEARD FROM.

Big Fellow Is in Philadelphia and Has Eyes Open For Players.

The baseball people here have received word from Manager Alex Sweeney, who is now at his Philadelphia home after a scouting tour through the Tri-State territory. Sweeney says he was fairly successful in his search for material. The big fellow was not any too communicative and apparently does not intend to furnish a chart of his plans.

Sweeney will remain in Philadelphia until his services are wanted here and will spend the intervening time looking up promising talent.

Twenty-Four Killed.

SEWICKAS, Germany, March 27.—(Special).—Twenty-four persons were killed today and a score terribly injured in a breaking cable by which they were being lowered into a coal mine here. The cage dropped more than 100 feet.

The Weather.

Rain tonight or Sunday; colder to night; is the noon-weather bulletin.

WOULD EQUIP SEVEN MINES

Word Was Received this Morning But Scarcity of Materials Will Cause Delay in Getting Started—Go to Number of Different Plants.

The H. C. Frick Coke Company is making preparations to meet a boom in the coke trade when it comes along and Everson will benefit by this foresight. This morning it is stated on good authority that orders were received at the Everson car shops of the big company for the construction of 1,150 mine cars. This is one of the largest orders ever placed with the shops there and will mean full time for the 150 employees for some time to come.

Owing to the scarcity of material it will be about 30 days before work can start in full but once the men get to work on the order it will be rushed forward to completion. This number of pit wagons is sufficient to equip seven full size mines. It is said that the cars are wanted for a number of different plants of the Frick company throughout the region.

If all the new works of the Frick company were placed in operation even more than this number of cars would be needed and it is expected that another order may be received before many months. It is believed that this big order presages a boom in the coke trade in the near future. At any event the order will give work for scores of Everson and Scottdale mechanics who have been making short time for the past several months.

MESSAGE FROM THE "FAR EAST"

Pennsylvanian Fresh From Scene of Turkish Revolution, and Tour Through Europe Here.

Late American Vice Consul General Charles C. Kochenderfer, A. M. Belk, Turkey, will relate his experiences in Europe, Egypt, Turkey and the Holy Land next Monday evening in the Y. M. C. A. Auditorium. Mr. Kochenderfer comes fresh from what is almost the center of the present Turkish revolution and his office during the past few months has been justly engaged with the work incident to the uprising in that and adjacent countries. Before leaving his post at Beirut Mr. Kochenderfer was actively engaged in the work of the consularship, many matters pertaining to the troubles and revolution in Syria, Arabia, Bulgaria, Servia, Turkey, Palestine and adjacent countries.

Mr. Kochenderfer was appointed by the United States government to succeed the late Vice Consul General Magness at Beirut, whose resignation was announced in the year 1908, caused a temporary break between the United States government and the Turkish government. Mr. Kochenderfer's predecessor at that time was fired upon by the Turks as he was going about in the city, but was not seriously injured, and the report of the incident being dispelled by means of a code at Washington was to the effect that the young man had been assassinated. President Roosevelt at once ordered three American battleships to the seaport, which remained in the harbor with their decks cleared for action for six months.

Mr. Kochenderfer has many thrilling and interesting experiences to relate, and the people of Connelville are to be congratulated in securing the services of one who has had such a broad experience in foreign lands, to address them in the Y. M. C. A. auditorium, next Monday evening at 8:15.

Vestibule Trains.

As further protection against accidents and collisions the Pittsburgh & Lake Erie Railroad Company will use only vestibule coaches for through and local service. Officials of the Pennsylvania have also arranged for the use of vestibule coaches for many of its trains, but it is not believed that vestibule coaches will be used for suburban service on that road for some time. Baltimore & Ohio officials say they have taken no action regarding the vestibule coach service for handling suburban travel.

Attend Cleveland Meeting.

Superintendent J. W. Brown of the West Penn returned from Cleveland yesterday afternoon. He attended a meeting of the Training of Transportation Employees Committee of the American Suburban and Interurban Railways Association, of which he is the chairman.

JOSEPH BAIRD IS ROBBED AGAIN.

Farmer Visited at Night De-
clares they Trail Leads
to Scottdale.

TURKEYS AND CHICKENS TAKEN

Miss Margaret East Given Surprize
Party—Dr. and Mrs. McKee Home
From Abroad—Harry Gulgley Dies
at Everson.

SCOTSDALE, March 27.—Thieves descended upon the farm house of Joseph Baird, a well known agriculturist of near Chas. Mills, on Thursday night, the second disastrous visit in a year that these gentry have paid Mr. Baird, much to the latter's disgust. Last fall when Mr. Baird had butchered a lot of fat hogs and then carefully stored the meat, thieves came down upon his smokehouse and removed several hundred pounds of choice meat. The last visit they made they lifted three big broiler turkeys, the pride of the family, and that were expected to supply the material for some toothsome roasts next year, and then filled up the rest of their wagon or whatever they had with fine chickens. The robbers left away from the house and towards Scottdale the tracks of a light vehicle and Mr. Baird says it was drawn by a small horse with narrow shoes and no calks on the shoes as shown by the hoof prints. There has been a great deal of the robbing business of this sort carried on about Scottdale lately.

Have Returned From Abroad.
Dr. and Mrs. Claude Worth McKee arrived home this morning from an extended trip abroad, during which the doctor spent several months in study in the great hospitals of Europe. Dr. and Mrs. McKee came over on the Asiatic, and the doctor will resume practice on Chestnut street, where he has a fine office.

J. P. Owens Very Ill.
James P. Owens, former Burgess and member of the firm of Owens & Ferguson, who has been ill with pneumonia for a couple of days, was in such a condition last night as to give his friends the greatest concern, as it was feared that he would not outlive the night. This morning, it was reported, that after midnight he grew better, but is far from being away from the danger line.

Harry Gulgley Dead.
Harry Gulgley, a well known young man of Everson, died there last evening about 5 o'clock, from tuberculosis, from which he had suffered for some time. He was aged about 18 and was the son of George Gulgley, laborer at the Scottdale plant of the American Sheet & Tinplate Company, and had himself worked for the company.

Wealthy Lodgers In.
The fame of the Hotel De Borough evidently has spread widely, for there was quite a rush last evening to enjoy the simple hospitality, for which it is noted. Policeman William Kennell was night clerk and was kept busy for a spell. The first guest of the evening proved to be a Pole, who, when giving up his valuables for the night, surprised everyone by turning out a rock-bottom case apparently full of stuff of about \$100. Clerk Kennell in his desire to promote the welfare of his guest went further and Mr. Pole was learned to be the beautiful owner of a very handsome pair of "kaleckers." He explained the presence of this offensive article by saying, "Aish be I meet man with such a Stiele him in face. I hit him with two and go on." The other lodgers had a few punnies and were soon disposed of.

Attended Funeral.
George B. Shupe was absent from town on Friday being at Irwin attending the funeral of his cousin, W. H. Fox, a prominent farmer of near there. One month ago to the day Mr. Shupe was at the same place attending the funeral of his uncle, the father of the man buried yesterday.

Surprise Party Given.
A pleasant and successful surprise party was given Miss Margaret East of Market street on Thursday evening at which about 15 couples were present from town. As it happened everything was favorable for a complete surprise.

MT. PLEASANT.

MT. PLEASANT, March 27.—The proposed new City Hall for which Council have had plans drawn by the architectural firm of Jameson & Harmon of Uniontown promises to eclipse any other City Hall building in the state of the town. In this part of the State the building will be erected on the property of the borough of Mt. Pleasant on Main street. It will be 60x100 feet. The first floor will be taken up by the Council and the second floor will be kept there. There will be locker rooms for the clothes of the firemen. There will be a drying room for clothes thus preventing decay. The approach for the apparatus will be conveyed by stairs like those used in the City fire stations. The door will be ornate and the building will be fire proof. An office for the burgess and vesting board will be in the first floor. The second floor will be fitted up for use of the firemen as a meeting place and the third floor will be fitted up for use of the firemen as a meeting place. The building will be fire proof. The approach for the apparatus will be conveyed by stairs like those used in the City fire stations. The door will be ornate and the building will be fire proof.

rooms will be finished in hard wood and the ceilings frescoed. The building will be heated by a large boiler plant installed in the basement. The basement will contain a large vault which will be strictly burglar and fire proof. All the town's papers including deeds, franchises, etc. will be contained in the vault and will be started in a short time for this building. Oil has been discovered in Laurel Hill, not more than three miles from Mt. Pleasant. The exact location cannot be learned nor can the name of the owner of the farm be ascertained as the matter is not merely a rumor but an assured fact. While the hunting season was on several sportsmen crossed the farm and upon seeing a spring of cool looking water they proceeded to quench their thirst. Upon drinking a small quantity discovered that the top of the water was covered with oil that ran out with the water. The water only ran about 100 yards until it flowed into the ground again. This was only after the hunters told the owner of the farm of their discovery and a careful study was made of the surrounding ground for the source of the mysterious oil well. Upon digging down a short distance they found little oil pockets and going deeper a good sized stream was brought up with the natural water pressure. These diggings were carefully covered over and another hole was dug and it was found to be 50 percent pure without refining. In looking up the course of oil wells in this part of the State it was found to be in the course of the Oil City wells and an engineer from Pittsburgh stated that this well came from the source of the Oil City wells and went on to the south to the West Virginia oil fields. This has been kept private by the interested parties until offers were made for the farm by local people and high prices were refused. After this it was impossible to keep the secret. Local people have attempted to get capital- ists from out of town to advance enough money, but the financial stringency of the present time made this impossible. About May next a company will be formed to finance and prospect this and all the paraphernalia to operate and dig wells on a scientific basis. The large mill formerly owned by the Mt. Pleasant Milling Company but has not been operated for several years has been purchased by S. J. & Company of McKeesport for the purpose of turning it into a large flour mill and large lots of workmen have been put to work cleaning and preparing the three-story structure. It is the largest flour mill in the county.

Three pretty social affairs were successfully carried out last evening. The first was the surprise social at the Reformation Lutheran church which was a surprise to all present and was financially carried out. Over \$15 was cleared.

The Baptist young people gave a social in their rooms last evening and a musical and literary program was served. Refreshments were served to near 100 people.

The J. O. C. Society of the Methodist Episcopal Church gave a class party at the home of Miss Pearl Riner last evening. All the members of the class were present.

The proposed Wabash railroad which was noted in these columns Thursday, is reported with some through this town. The greatest concern is to get the road through the town. The road is to be a short time ago, but at that time it was supposed to go through the town. The road is to be a short time ago, but at that time it was supposed to go through the town. The road is to be a short time ago, but at that time it was supposed to go through the town.

GOETHALS GOES BACK TO CANAL.

Carries President Taft's Orders to Rush the Work.

SAILS TODAY FOR ISTHMUS

Chief Executive Instructs Him, If Possible, to Complete Canal by Close of 1913, or Two Years Earlier Than Previous Estimates.

New York, March 27.—Colonel Goethals, chairman of the Isthmian canal commission and chief engineer in charge of the job, sailed for Colon today to endeavor to carry out President Taft's instructions to complete the canal by the close of 1913 if possible.

Colonel Goethals has already declared that the canal will be completed in 1915 and he is understood to consider it impossible to save two years on the work, but he told the president he would put every force to work to expedite matters to carry out the president's orders.

Before sailing today Colonel Goethals in an interview said:

"I was originally an advocate of a sea level canal at Panama. Going to the Isthmus about two years ago, observation and a careful study convinced me that the construction of a sea level canal would involve expense so great as to make it impracticable and at the same time would result in less satisfactory results of difficulties connected with its maintenance.

"Since that time everything that has come to my attention has strengthened my belief in the advantages of a lock canal.

"There is not a single thing in connection with the lock canal that can be called unusual beyond the question of magnitude. Engineers have performed similar work elsewhere. There are no doubtful problems. There are no experimental projects to be handled. The nature of the soil presents no unusual condition. Up to this time nothing has occurred to give rise to any question about the stability of foundations for the locks and dams. If I knew of anything that might jeopardize the stability of this work after its completion or make doubtful its successful construction, I would promptly make a report on it, but there is nothing of that kind."

TO DISCUSS CUBA'S FUTURE

Vice President Zayas, Magdon and Wood at Philadelphia Meeting.

Philadelphia, March 27.—At a special session of the American Academy of Political and Social Science, to be held in this city tonight, the subject of discussion will be "The Future of Cuba." The opening address will be delivered by Charles E. Magdon, until recently provisional governor of Cuba. General Leonard Wood, who was governor of Cuba during the first intervention period, will preside at the meeting. Among the other speakers will be Alfredo Zayas, vice president of Cuba, who is spending a short time in the United States.

TRAMP WORTH \$10,000

Died in Harrisburg Jail Under an Assumed Name.

Harrisburg, Pa., March 27.—The police believe that a tramp who died in the Dauphin county prison a few weeks ago under the name of John Moran was none other than J. J. Cook, formerly a resident of Connelville, Pa., and a man who was really worth \$10,000.

Moran was known as a chronic tramp and came this way three or four times a year, almost always getting into prison either for minor offenses or as a lodger. Recently he was sent to prison for trespassing and developed pneumonia and died.

G. O. P. HEADS TO MEET

Leaders of Party Will Attend Club League Dinner in Washington.

Washington, March 27.—The first big political event in the District of Columbia since the inauguration will come off tonight. The occasion will be the annual dinner of the League of Republican Clubs of the District of Columbia, at which many of the leaders of the party will be present.

Among the men who will make addresses tonight will be Vice President Sherman, Speaker Cannon, Senators Warner of Missouri and Brown of Nebraska, and Representatives J. Hampton Moore of Pennsylvania, Francis W. Cushman of Washington and John J. Esch of Wisconsin.

GIRL SAVES HERSELF

Dodges Bullet Fired by Sulten, Who Commits Suicide.

Harrisburg, Pa., March 27.—After pleading with John Sulten, a girl of eighteen, to commit suicide with him, Fred H. Burdick shot at her and then killed himself. The girl's quick wits saved her, as she dodged behind a door and escaped with a flesh wound.

Burdick was the foreman of a gang of advertising painters and lived in Central City, Neb. He came here from Chicago three weeks ago and had been attempting to commit suicide. It is said that after receiving a letter from his wife he grew despondent.

THE BUSINESS OUTLOOK

Dun's Review of Trade, Issued Today, Summarizes the Situation.

New York, March 27.—Dun's Review of Trade says today:

"Favorable conditions in crop-growing sections promise well for the future and the seasonable weather generally prevailing is helpful to trade, and the outlook for the future is particularly cheerful. The tariff discussion in congress bears heavily upon many trades and the end of the debate is variously estimated at not before May 15 to July 1.

"Whatever progress is making in iron and steel is mostly confined to structural lines. The recent slight improvement in this division is being maintained. A better inquiry is received from the railroads, the tonnage pending aggregating a good volume. Further reported reductions in price of material have also broadened the demand for construction work and undertakings that had been deferred are again appearing. Business in steel rails is still limited, although several small contracts are noted. Stocks of pig iron continue to accumulate in the principal sections of the country and there is still talk of reduction in active capacity."

DINNER DOUBLY COOKED

Incidentally Italian Miner is Shocked and Bucket Ruined.

Punxsutawney, Pa., March 27.—A current of electricity, which passed through his body melted his dinner bucket, baked two apples and cooked the rest of his dinner into a solid mass did not kill Tony Trunzio, an Italian miner at the Florence mines of the Rochester and Pittsburgh Coal company and he is expected to recover.

Trunzio was walking through the mine to his room when his head came in contact with a thin stream of water issuing from the roof of the mine. The water, which fell in drops to the ground, was not enough to short circuit the trolley wire near the roof, but when Trunzio stepped under it there was a continuous thread of water from his head to the wire.

Feeling a shock, Trunzio frantically waved his dinner bucket over his head. When the bucket struck the wire there was a flash and the Italian fell senseless to the ground, with his dinner cooked and his hands and feet severely burned.

PUBLIC OWNERSHIP

Favored by Miners at Altoona Convention—Demand Free Libraries.

Altoona, Pa., March 27.—In the coal miners' convention of district No. 2, United Mineworkers, a resolution was adopted declaring in favor of public ownership of industries which affect the means of livelihood. Some delegates thought the resolution too Socialist, but it was adopted.

A resolution providing that day workers should be paid in the same manner as night miners was voted down. A resolution providing for the establishment of libraries for the education of members in the various sub-districts was approved.

Thomas McClintock, president of sub-district No. 2, who called a convention of his sub-district and returned to good standing William Currie, a former sub-district president, who had been ousted at a special convention held at Clearfield last fall for infraction of the organization laws, was voted out of office for attempting to undo in a sub-district meeting what had been done in a district convention. The convention will hold its final sessions today.

REPUBLIC CUTS WAGES

12,000 Employees Notified of 10 Per Cent Reduction.

Youngstown, O., March 27.—Notices have been posted in all the works here of the Republic Iron and Steel company of a reduction in wages, effective April 1. About 4,000 men are affected locally, including all employees from salaried men to laborers, except men identified with the amalgamated association of iron, steel and tinworkers.

The reduction is believed to apply to all works of the company, including also rolling mills, blast furnaces and coke ovens at Youngstown, Ohio, Indiana, Illinois and Alabama and affecting about 12,000 men. The reduction is approximately 10 per cent.

RATE WAR STILL ON

Railroads and State of Missouri Fail to Reach Agreement.

Jefferson City, Mo., March 27.—There has been a failure of all the rate negotiations between state and railroad officials here.

It is considered probable that the roads will put the three-cent fares into effect early next month and that the legislature will retaliate by passing bills requiring the sale of mileage books at the rate of two cents a mile and giving the state railroad commissioners power to fix passenger rates.

Arrested For Russellville Job.

Bluefield, W. Va., March 27.—George Brown, alias "Georgia," and A. B. Neel of Spartanburg, S. C., were arrested here, charged with robbing the post office at Russellville, W. Va. Both are said to have confessed.

GRAVE HOLDS DEATH SECRET.

Buried With Mrs. Lorillard Today at Irvington, N. Y.

PLACED IN COFFIN BY CORONER

Brief Funeral Services Held at Washington, After Which Body is Taken to Irvington-on-the-Hudson, the Old Lorillard Home, For Interment.

Irvington, N. Y., March 27.—In the Lorillard family burial plot on the beautiful east bank of the Hudson river were today interred the mortal remains of Mrs. Pierre Lorillard, Jr., who committed suicide in Washington by inhaling gas.

The funeral services had been held at Washington. A few of Mrs. Lorillard's intimate friends, principally those with her the night of her death at the dinner given by Mrs. Richard Townsend, were present. Among these were the Belgian minister and Baroness Mouchet, Mrs. Chauncey Depew, Mrs. Meyer, wife of the secretary of the navy, and the Hon. Maude Paumcote, daughter of the former British ambassador to this country. The Rev. Roland Cotton Smith of St. John's Episcopal church officiated at the services, which occupied only half an hour's time.

Shortly afterward the most dramatic event of the day occurred when Dr. J. Ramsey Nevitt, the coroner, laid away in the folds of the shroud two notes and the mysterious trinkets found on Mrs. Lorillard's body after her death. Contrary to the general understanding, Mrs. Lorillard wrote neither of the notes after she returned from the Townsend dinner. It is now believed that the only words she wrote on the morning of her death were on an envelope, that contained the notes and the trinkets. They were "Bury this with my body unopened." The ink with which these words were written had been freshly smeared over the face of the envelopes. This freshness was in marked contrast with the ink of the two notes.

Another fact that has been brought out is that one of the notes was addressed to Mrs. Lorillard and was in the handwriting of another person. The second note had been written by Mrs. Lorillard evidently many days before her death.

The trinkets consisted of a chain, to which were attached some pendants of little intrinsic value, reminding some of the jewelry that the high school days of girls. It was evidently Mrs. Lorillard's hope that neither the notes nor the trinkets would be revealed to human eyes after she had turned from them.

FORDNEY GROWS ANGRY

When Quizzed During Tariff Speech About Lumber Trust.

Washington, March 27.—The notoriety of the tariff debate in the house of representatives was relieved for a time by a clash between Messrs. Fordney of Michigan and Byrd of Mississippi, which came near ending in blows. Mr. Fordney had been discussing the lumber schedule, when he was interrupted by the Mississippiian, who insisted that the lumber manufacturers, of which Mr. Fordney was one, were in a trust. Mr. Fordney peremptorily denied the statement and said that Mr. Byrd "didn't know a damn thing about it."

The Mississippi member made a move toward Mr. Fordney and was in the act of removing his coat when some of his Democratic colleagues took hold of him. Later it developed that the incident grew out of a misunderstanding and both men made explanations and apologies.

BACK FROM OKLAHOMA

Frederick D. Prentice and Miss Hope Yeager to Answer Charges.

Toledo, O., March 27.—Frederick D. Prentice and Miss Hope Yeager returned to Toledo from Oklahoma to answer to charges growing out of the investigation of the Ohio German Fire insurance company, of which Prentice was secretary and treasurer and Miss Yeager a department manager. Prentice is charged with embezzlement and Miss Yeager with aiding in perjured statements.

They were not placed in jail but were allowed the accommodation of the sheriff's office while making arrangements to give bond. Prosecutor Webster said that \$2,000 would be required from Prentice, which will probably be furnished. Miss Yeager furnished bond in the amount of \$1,000.

CENSURED BY PREACHERS

Are 137 Legislators Who Voted Against Local Option Bill.

Harrisburg, Pa., March 27.—The Central Pennsylvania Methodist conference adopted resolutions of censure on the 137 members of the legislature who voted against the fair local option bill on March 9.

The resolution was presented by a committee headed by the Rev. R. C. Fardeau of Williamsport, who spoke for it. The Rev. Dr. S. C. Swallow of this city opposed the resolution, saying what was wanted was a prohibition law.

Bad Stomach

Many in Connelville Are Being Thoroughly Purified by M-G-N-A, the Guaranteed Cure for Indigestion.

If reports are authentic, people of Connelville who suffer from dyspepsia and other stomach troubles are getting tired of taking preparations containing poison, because poison simply digests the food artificially. Poison relieves, it never cures—the principal is wrong, the cure is before the horse. And remember, poison only digests animal food; it has no effect on starchy food, such as potatoes, rice, oatmeal, bread, etc.

There is just one way to cure dyspepsia and stomach disorders, trivial or serious, and that is first to cleanse and purify the stomach and bowels, and to tone up and put energy into the stomach walls, so that they will be able to properly mix the food with the natural digestive juices of the stomach.

That is just what M-G-N-A tablets do. They quickly arouse the stomach from its inaction, and in a few days it is able to do its work easily and without exertion. There will be no more sour stomach, fermentation of food, dizziness, sick headache, belching of gas, specks before the eyes, or foul breath. M-G-N-A only cures a large number of cases of indigestion, flatulence, constipation, and other ailments, and is a sure cure for dyspepsia, sea or car sickness, vomiting of pregnancy, and stomach sickness resulting from over-indulgence of the night before, or money back.

"M-G-N-A" sold in every town in America.

BURNING ECZEMA QUICKLY SPREAD

Started Like Ringworm on Hand—Hand Swelled and Then Humors Spread to Arms, Legs and Face—It Was Something Terrible.

PRESCRIPTIONS FAILED: CUTICURA CURED HIM

"I have used the Cuticura Remedies for a very bad case of eczema with complications. About fifteen or sixteen years ago the disease developed in the shape of a large pimpled spot on my hand. It was itchy and so much so that I was compelled to show it to a doctor. He pronounced it ringworm, and made me wash with a solution of iodine and told me to apply it before going to bed and all would be over in the morning. But the next morning my hand was all swollen up and I poulticed it. When the doctor came to his office I showed him the hand and to my surprise he told me that he had never experienced such a case in his practice and said it was well I poulticed it. After trying his different remedies the disease increased and went up my arms and finally to my thighs and legs generally and finally on my face. The burning was something terrible. After I had tried this doctor, as though long enough, I went to another doctor who had the reputation of being the best in town. He told me it was a bad case of eczema and that it would take quite a while to cure it. He medicine checked the advance of the disease but no further.

"I finally concluded to try the Cuticura Remedies. I bought a cake of Cuticura Soap, a box of Cuticura Ointment and a bottle of Cuticura Resolvent and found relief in the first trial. I continued to use them until I was completely cured and I have not been troubled with another attack since. I still use them as a preventive. I can freely and truthfully say that the Cuticura Remedies are the best so far as my experience went with them and I am still recommending them, feeling sure that they are the best for eczema. C. Burkhardt, 238 W. Market St., Chambersburg, Pa., Sept. 19, 1908."

THREE MEMBERS OF ARMY BOARD TO MAKE BROWNSVILLE INQUIRY

WASHINGTON, March 27.—Secretary of War Dickinson has announced the retired army officers who have been appointed members of the court of inquiry to investigate the discharge of the battalion of the Twenty-fifth Infantry, colored, for alleged complicity in the affray at Brownsville in 1906, as provided by the Foraker resolution. The officers are Lieutenant General S. B. M. Young, Major General J. P. Sanger, Brigadier General Theodore Schwan, Brigadier General Butler D. Price and Brigadier General John H. Wilson. Captain Charles R. Howland, Twenty-first Infantry, was named as recorder of the court. The time and place of meeting of the court has not yet been determined.

DOWNCAST IS WIFE OF BOYLE.

Buoyant Spirits Desert Woman of Kidnaping Fame.

TO BE TAKEN TO MERCER TODAY

When informed that husband had been removed to jail at Mercer the woman of his kidnaping Enterprise became depressed.

Pittsburg, March 27.—Mrs. James H. Boyle, wife of the kidnaper of Billy Whittle, will be taken to Mercer today by officers from that county.

She has lost her buoyant manner. When she was first arrested she was in a jolly mood and the reaction did not set in until she learned that the man she calls her husband had been taken back to Mercer.

Then a change came over her. Her smiles gave way to pensiveness and she seemed to realize for the first time the severity of the charge against her. She paced her cell constantly for a time and had nothing to say to the matron. Then she called for the papers. She read with avidity every line of the story in which she is a central figure and then sent for the afternoon editions.

From then for the first time she learned that Boyle had been taken to Mercer. According to those in charge, it was then the "mystical woman" became the most despondent.

At intervals the woman would throw the papers aside in disgust and pace her cell again. Afterward she would seize them with feverish haste and read and reread the reports concerning the kidnaping case.

Mrs. Boyle does not know that she is to be removed to Mercer today. Even the authorities will not say what time it is probable she will be taken from the jail.

Not since the time when the Biddle boys escaped from the Allegheny county jail has so much interest centered in the place. Thousands hovered about the prison until Boyle was taken to the Bessemer and Lake Erie railroad station for Mercer.

Boyle Closely Guarded: Mercer, Pa., March 27.—Heavily manacled to Sheriff Chess and guarded by detectives, James Boyle, one of the kidnapers of Billy Whittle, was brought here from Pittsburg and lodged in Mercer jail. His wife will be brought here from Pittsburg today and the couple will be formally arraigned on a charge of kidnaping in a few days.

Boyle feared violence on his arrival in Mercer and on the journey from Pittsburg asked Sheriff Chess if he thought the crowd would harm him. The prisoner looked greatly relieved when he saw only a scattering of people at the Mercer station.

Sheriff Chess said that the jail would be guarded until the trial of the Boyles was over. Word that the authorities were bringing Boyle to this place caused small crowds to gather at all stations en route from Pittsburg. More than 200 persons flocked about the train at Grove City and peered in the car windows. There were no demonstrations of violence during the trip, but Boyle clearly showed he was nervous.

Boyle absolutely declined to discuss his case except to say that he expected to engage a lawyer in a few days.

MYSTERY IS SOLVED

Mrs. James H. Boyle Was Anna McDermott of Chicago.

Chicago, March 27.—That William McDermott, a retired member of the Chicago fire department, is the father of "Mrs. James H. Boyle," who with her husband is charged with the kidnaping of Willie Whittle, is confirmed by the grief-stricken father.

Anna McDermott, according to her father, was as a child one of the prettiest and brightest in the neighborhood. She was given every possible advantage of education and careful training, but as she approached womanhood she fell into company of which the old fireman did not approve. About three years ago Anna eloped. Since that time her history has been a blank to her Chicago kin. Even the name of the man with whom she cast her fortunes was unknown to them.

"They say she is poached now," said Mr. McDermott. "She must have suffered from the disease since she left us, for then her skin was as fair as an angel's."

FINISHING TOUCHES BRIGHTENING PINAFORE

Local Opera Company Is Being Carefully Drilled For The Production of Pretty Opera.

No cost production has ever before equalled the scenic effects to be given with the production of "Pinafore" in the Solisson Theatre on April 16 and 17 under the auspices of Company D, Tenth Regiment, National Guard of Pennsylvania.

Director Charles E. Stout is having the scenes painted and it will add to the finish of the production which those interested expect to more than attain professional appearance than any thing of the kind ever attempted here.

The scenery is of the same high class as used in the professional productions of this famous opera and it will be enhanced by the elaborate costumes which have been ordered. Every scene will be a thing of beauty.

Mr. Stout has nearly four weeks longer for rehearsals and is making the most of the time. The rehearsals are numerous, but do not come often enough to cause the players to grow stale. They will put the show on with a vim and snap that will surprise the spectators. Mr. Stout is an adept in the art of training players and instills enthusiasm into his understudies. His wide experience has given him the ability to locate the flaws quickly and remedy them at once.

The play is full of action and of naturalness requires constant practice to make the players perfect. This is especially true of the chorus. It is probable that the chorus of "Pinafore" will have more work to do than any home talent chorus which has appeared here in late years. The male members of the cast will have a greater opportunity to display their ability than heretofore.

Out of the Shell Comes Easter Apparel.

FULL READINESS STOCKS AT FLOOD-TIDE
SPRING-TIME APPAREL AT EVERY HAND.

Our opening demonstrated two important things to those who attended. Extreme fairness of prices and wonderful scope of every stock. It is by deeds, not words, that we have won our spurs. Our constant deviation to a single ideal. The better class of retailing has caused this establishment to be recognized as surpassing in the presenting of apparel and merchandise that is distinguished by a degree of charm and refinement that has ever characterized our offerings.

Two weeks until Easter. Whether or not you make it a point to appear in new clothes on that day, you'll want to have them ready about that time. If the dress is to be made at home, better get the materials without delay. If a suit or dress is to be bought better select it early. Have the new hat ready and the gloves, shoes, hosiery, belt, neckwear, waists and men also, will do well to come early. Here's matchless variety in suits, topcoats, vests, neckwear, shoes and gloves. We've prepared to make this our busiest April. That means "more reasons for buying here than ever before."

The time for preparation is short and yet it is full time if you depend on this store to supply a new outfit, entire in perfect taste and every thing in harmony from hat to shoes.

"THE WOLF" TONIGHT.

High Class Attraction at the Solisson Theatre This Afternoon and Evening.

This afternoon and evening at the Solisson Theatre promises to be a notable event, the occasion being the first presentation in this city of Sam S. and Lee Shubert's "The Wolf," the play that set all Chicago talking for more than 10 weeks, during its run in that city at the Chicago Opera House.

"The Wolf" is from the pen of Eugene Walter, author of several dramas but it is so different from the usual run of plays that it leaves a distinct impression of its own upon the mind of the spectator. The story and theme is new. There is an abundance of bright dialogue, droll humor, and the pathos and sentiment of the play are not of the artificial sort. The stage settings are remarkably elaborate and many of the scenes are so well managed as to receive hearty applause.

The engagement of "The Wolf" promises to be a record-breaker. Anna McDermott, according to her father, was as a child one of the prettiest and brightest in the neighborhood. She was given every possible advantage of education and careful training, but as she approached womanhood she fell into company of which the old fireman did not approve. About three years ago Anna eloped. Since that time her history has been a blank to her Chicago kin. Even the name of the man with whom she cast her fortunes was unknown to them.

"They say she is poached now," said Mr. McDermott. "She must have suffered from the disease since she left us, for then her skin was as fair as an angel's."

Doan's have done great work in this locality. Amos Beard, 620 Oakland Avenue, Greensburg, Pa., says: "I have known of the merits of Doan's Kidney Pills for two years and can recommend them as a most reliable remedy. I had been subject to attacks of acute lameness across my joints for a long time. I also had a dull ache in the small of my back which was very depressing and robbed me of my ambition. My kidneys were disordered and this fact was made apparent by the unnatural condition of the secretions. Doan's Kidney Pills regulated the kidney secretions, banished the backaches and dull headaches and gave the most positive relief."
